Portfolio

OBJECTIVE

A motivated Frontend Developer with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, and Bootstrap, seeking an opportunity to apply skills and contribute to impactful projects.

SKILLS

Technical Skills: C++, Python, JavaScript, HTML5, CSS3, MySQL, Git, GitHub

Networking & Systems: Computer Networks (OSI, TCP/IP), DNS, HTTP/HTTPS, Linux Fundamentals

Machine Learning: Python, NumPy, Pandas, Scikit-learn (Basics)

Behavioral Skills: Leadership, Team Collaboration, Problem Solving, Communication, Adaptability

EDUCATION

Government Engineering College Kaimur

2022 – 2026

Bachelor of Technology in Computer Science(Network) (CGPA: 8.21)

Patna ,Bihar

Uchhatar Madhyamik School Kargahar Rohtas Bihar

2020 – 2022

Higher Secondary Education (Percentage: 71.4%)

Kargahar, Bihar

High school kargahar

2019 – 2020

Secondary Education (Percentage: 72.2%)

Kargahar, Bihar

INTERNSHIP

Web development and Data Science | ihub DivyaSampark(IIT Roorkee)

Dec 2023 – Jan 2024

- Developed responsive and interactive web pages using **HTML, CSS, JavaScript**, and **Bootstrap**.
- Collaborated with team to test and debug web applications.

Cloud Computing | Intern Course -Patna

May 2025 – June 2025

- Worked on **AWS/Azure/GCP** to deploy and manage cloud applications.
- Assisted in **cloud resource management, serverless computing**, and application optimization.

PROJECTS

Smart Attendance and Leave Management System: | *Live link*

- Developed a web-based system to **manage student attendance and leave requests** with role-based access for **Teacher and students**.
- Implemented features like **semester-wise attendance tracking, Qr-based attendance leave application with upload medical certificate**, and **Excel report** generation

AI-Based Medicine Recommendation System | *Live link*

- Developed a machine learning-based health prediction system that recommends **diseases, precautions, medications, workouts, and diet plans** based on user symptoms.
- Enhanced **user experience** through clean **UI** and efficient navigation

Weather App | *Live link*

- Created a responsive weather application using **HTML, CSS, JavaScript**, with real-time API data fetching.

Portfolio | *Live link*

- A personal website showcasing all my projects and skills.

CERTIFICATIONS

Smart Internz: Salesforce Developer Virtual Internship

Ihub DivyaSampark (IIT Roorkee): Fundamentals of Python for Machine Learning, Data Science

Cisco Networking Academy: Introduction to Cybersecurity

NPTEL: Introduction to Internet of Things, Introduction to Operating Systems

ACHIEVEMENTS

- Achieved **3rd Rank in Science Day Project Competition** for presenting the project **“Self-Driving Robot Car”** at **Government Engineering College Kaimur**.
- Served as President of the **Coding Club**, managing events and guiding students in coding and development.

LANGUAGES

- Hindi, English
